Spear Corporation Certified CPO Instructors

Brian Spear, Harold Brown, Bryce Jones, Craig Robertson and Sam Blake

Call 800-642-6640 to Register

To protect the public and advance the education of professional pool/spa operators, the NSPF has initiated a new program with the CPO handbook. The handbook has been entirely rewritten to include the most current information available. It has received extensive expert review. It will be updated yearly to keep the material current. Unlike any other operator training program, the CPO handbook is published in color to help the instructors teach and the students learn. Training provided by CPO instructors helps protect millions of swimmers by reducing hazards at aquatic facilities.

Since the CPO Handbook has been completely revised, the NSPF will no longer be offering "recertification" (reduced length) courses of challenge exams for CPO certification. All students, regardless of their previous certification, will be required to complete the entire 14-16 hour course.

TIME: Registration: 8:00 – 8:30 am; Class time Wednesday 8:30 am to 5:00 pm and Thursday 8:30am to 4:00pm. Drinks provided morning and afternoon. Please note that no meals are included

FEES: \$275.00 per person (+Sales tax if applicable on CPO handbook only), Instructional material, CPO handbook, NSPF certification fee and course expenses. CPO book(s) can be mailed to you upon request no later than 7 days prior to course for a mailing fee of \$6.00. **IT WILL BE HELPFUL TO REVIEW THE CPO HANDBOOK PRIOR TO THE COURSE.** Please bring a handheld calculator with you to the course.

There is now a pool Math Workbook available for an additional \$20.00 for those who need help in this area.

COURSE: The class will be taught by Certified NSPF instructors who are experienced pool professionals specifically trained to communicate the basic skills necessary to operate a pool or spa facility. CPO certification is valid for five years.

Attendance: Attendance to all sessions is mandatory to qualify to take the CPO exam. Spear Corporation reserves the right to cancel the course if necessary with full refund.
